About This Content

Svolvær Airport Helle (SVJ, ENSH) is a small regional airport located in the Lofoten area in northern Norway.

Its scenic location surrounded by both fjords and towering mountains makes this airport a beautiful destination, but due to its harsh winter it will also challenge your skills as a pilot.

The scenery features a highly detailed recreation of Svolvær airport (and its surroundings including sloped runway and custom terrain model of the airport).

FEATURES

- Realistic recreation of Svolvær Airport Helle (ENSH)
- Fully compatible with XPlane11 and XPlane10
- Includes all airport buildings in high detail
